FURNISH WITH STYLE

Designer Curtain Rods & Tracks

MODERN • TRANSITIONAL • TRADITIONAL

Company Profile

In this catalogue, we've focused on you, our customer. We've made it easy to find exactly what you're looking for. The Company has always aimed to provide you with a myriad of choices, and now our extensive line of drapery hardware has been categorized by diameter.

As we set about recognize this catalogue, we added new items in nearly every diameter. We honed our final choices to include only the finest selections while broadening the mix with exciting new traditional and transitional designs in several categories.

Beyond our vast selection of standard drapery hardware, we offer our special Collections. Here, you'll find solutions for finials markets. The Hardware Collection is guaranteed to withstand nature's element; The modern collection lends itself to sleek contemporary settings; and our newest offering, Essential sets, is an exclusive selection of complete drapery hardware sets, created with your convenience and cost savings in mind.

Yes, we are known for our broad range of products, but did you also know we offer state-of-the-art technology?

Other drapery hardware companies can make similar claims. What makes us different Flexibility.

-You will never be held back by our design offering-we strive to provide you with the widest range of finial styles, including traditional, transitional and modern designs.

-You will never be hindered by an unusual window shape, difficult floor plan, or constricted space-we will customize our products to fit your every need.

We offer you this multitude of choices so that we can make your design visions a reality. All with the outstanding quality and exceptional service you've come to expect from the company.
