

B R E E Z E

Wind is the watermark of this collection. Lighter than air and transparent, the sheers of this collection dim the light with its natural shades. The iridescent lattice work covers the window and seems to play with the wind, leaving its elegant simplicity behind to adopt a discrete sophistication.

STIGMA

Moving ahead with time, Stigma is a jacquard which retains the structure of beautiful florals on a chevron base. This design is available in 5 soft colorways.
